Ranking: Top 20%

MODULE	PROGRESS
Intro to Academy 8 Sections Fundamental General Your first stop in Hack The Box Academy to become acquainted with the platform, its features, and its learning process.	100% Completed
Learning Process 20 Sections Fundamental General The learning process is one of the essential and most important components that is often overlooked. This module does not teach you techniques to learn but describes the process of learning adapted to the field of information security. You will learn to understand how and when we learn best and increase and improve your learning efficiency greatly.	100% Completed
 Linux Fundamentals 30 Sections Fundamental General This module covers the fundamentals required to work comfortably with the Linux operating system and shell.	100% Completed
Web Requests 8 Sections Fundamental General This module introduces the topic of HTTP web requests and how different web applications utilize them to communicate with their backends.	100% Completed
Windows Fundamentals 14 Sections Fundamental General This module covers the fundamentals required to work comfortably with the Windows operating system.	100% Completed
Introduction to Active Directory 16 Sections Fundamental General Active Directory (AD) is present in the majority of corporate environments. Due to its many features and complexity, it presents a vast attack surface. To be successful as penetration testers and information security professionals, we must have a firm understanding of Active Directory fundamentals, AD structures, functionality, common AD flaws, misconfigurations, and defensive measures.	100% Completed
Introduction to Web Applications 17 Sections Fundamental General In the Introduction to Web Applications module, you will learn all of the basics of how web applications work and begin to look at them from an information security perspective.	100% Completed

Setting Up

9 Sections | Fundamental | General

This module covers topics that will help us be better prepared before conducting penetration tests. Preparations before a penetration test can often take a lot of time and effort, and this module shows how to prepare efficiently.

100% Completed
